Allowable Subject Matter

Claims 1-33 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not teach connecting businesses and providing access to other business' information and restricting the level of access to that information sharing via market segment information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. 7,000,546 to Cheah teaches connecting businesses via an information sharing mechanism, Cheah does not teach connecting businesses and providing access to other business' information and restricting the level of access to that information sharing via market segment information, such a modification would be improper hindsight reasoning.
